

Park Hall Infant Academy

Park Hall Infant Academy is situated in Walsall, and was the first school in the area to take advantage of the fast track government scheme to be awarded Academy status, in October 2010.

This Academy status allows the school total control of its funding. The freedom to ensure that all funds are used to fulfill the needs of the pupils of Park Hall was an opportunity too good to miss.

The school had already been accredited with Healthy Schools status, and strives to maintain good standards, by constantly reviewing teaching and learning strategies. The Academy has worked with with Lawrence Cleaning for over 8 years.

“We have always had a good relationship with the company and they have always responded quickly and courteously to any concerns that we have had.”

“The quality of the cleaning is monitored regularly and the products used are very effective. On the occasions that cleaners have been absent, through illness, the company has provided covering staff to ensure that the school is always clean.”

A well documented manual clearly and comprehensively covers all Health & Safety issues, and offers an easy way for communicating any comments to the staff, and vice versa.

“Overall we find them to be very good value for money and I would recommend them to you”.

“We feel we can approach them regarding any situation, and know that a resolution is always achieved, which makes for a very good working relationship.”

Mrs. Brett Westwood- Principal
